

Lean Six Sigma Certification

Utah's Custom Fit Program and Mountainland Technical College are partnering to offer Lean Six Sigma Green Belt Certification.

“ My Green Belt project helped our team fix multiple problems increasing throughput by almost 50%. – Spencer S. ”

This hands-on, fast paced course teaches team members the globally recognized Lean Six Sigma system for streamlining processes and eliminating waste. Employees who are Green Belt certified increase their skills, advance their careers, and save thousands of dollars for their company each year.

This Course Includes

- 5 Days Hands-on Training
- Green Belt Certification Exam
- Training Materials
- Lean Facility Tour
- Lunch and Snacks

We help amazing people and companies like yours reach their goals!
